Q: Do you have any stats on crime in gated communities vs. general crime?

A: The BC Crime Prevention Association does not compile these types of statistics but a Google search provided these websites:

<http://www.ifpo.org/articlebank/gatedcommunity.html> or

<http://www.nhi.org/online/issues/93/gates.html> or

<http://www.city-data.com/forum/las-vegas/106536-gated-vs-nongated.html> or

<http://www.bristol.ac.uk/sps/cnrpaperspdf/cnr12pap.pdf>

You could also contact any School of Criminology to determine if it has done a study comparing gated and ungated communities.
