Q: As one layer for deterrence, is there a significant difference between 7 ml and 12 ml security film if properly installed?

A: "We recommend that you contact a business that specializes in security hardware or a security consultant. A list of businesses that specialize in this area can be found in the Yellow Pages under the heading "Security - Doors & Windows" and "Locksmiths". Also, some businesses listed under "Security Systems" also have storefronts with security-related products for sale to homeowners. Or you could contact a security consultant such as Frank Fourchalk - see his website at <http://www.yourhomesecurity.ca/page121.htm> "
